**PRICE MATCH
GUARANTEE!**

WTC Price Match Program

Making smart financial choices is more important than ever. Introducing our Price Match Guarantee, exclusive to limited service areas - ensuring you get the best service at the best price, always.

How it works

Present verifiable proof of a competitor's lower price. Acceptable proofs include printed advertisements with a visible date or links to active web-pages.

Please note, forwarded emails or handwritten offers cannot be accepted.

Program launches May 2024, available to residential addresses within limited areas. WTC reserves the right to limit or refuse offers. We will not match non-identical services. The competitors advertisement must be verifiable and complete with all necessary information. To participate, please contact 1-866-547-6939 or billing@wtccommunications.ca

We know that price matters in today's world.

With our Price Match Program, we're here to offer you a way to save without compromising on the quality you deserve.

Supporting your family's needs shouldn't come with financial strain.
